HOW WE ARE DIFFERENT ?

We at Civil Center are committed to shaping the future of Civil Engineering by providing premier consultancy services in the areas of Planning, Designing and Estimation along with delivering quality training to our young Civil Engineers with a sense of warmth, friendliness, individual pride and Company spirit.

ON TIME DELIVERY

We give our clients an estimated time for delivering our services and always deliver the service before the committed deadline.

GREEN BUILDING CONSIDERATIONS

Indoor Air Quality (IAQ) and Energy Efficiency of the building are taken into consideration while planning & designing the building.

VAASTU PERCENTAGE ANALYSIS

Analysis While delivering a drawing we give our clients the percentage of Good Vaastu practices considered, that is practically feasible in the given site condition.

ECONOMIC AND AESTHETIC DRAWINGS

We provide aesthetic architectural drawings and economic structural layout and detailing.

VALUE ADDED FURNITURE LAYOUT PLAN

We take care of all your present and future furniture requirements. We do our best to fit it right into your standard room size.

CONCEPTUAL CHECKLIST

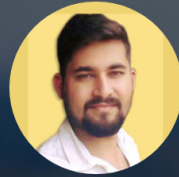

We provide an opportunity to our clients to visualise and modify the work before the final delivery of the service. So a formal checklist helps you shape your building in perfect dimensions.

WELCOME!

Bonjour! We welcome you to our World of Engineering with Style where you get to Design your future with Precision, Gain Experience and Taste Excellence.

We are a dedicated team of Engineering Professionals whose goal is to build the future on the Foundation of Excellence. We are committed to providing you with exceptional Consultancy Services exceeding your expectations. We believe in Delivering results with reliability, and rock-solid dependability. Besides we hold a good rapport with our clients and share strong connections with communities. We are also renowned for our Training Programs. Our dedication and commitment towards shaping next-generation Civil Engineers have earned us many laurels as we believe in the power of Applied Intelligence. Our Training Program has been strategically designed so that students don't need to go that extra mile for their studies. We are a perfect bridge between what they are taught during lectures and what actually happens on the Site.

[LEARN MORE](#)

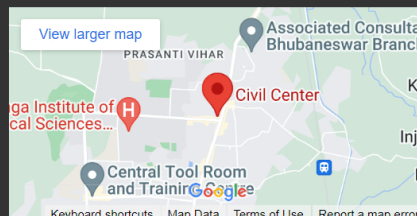

I just wanted to drop a quick note to express my appreciation for the architectural services you provided me. You were able to make a quick assessment of our issue and were able to prepare the plans necessary for us to address the same. You were able to match our expectations in a smooth and professional manner, and we were able to get through the issues without delay. We wish you well in your endeavours and look forward to working with you.
